Please help activate Delphi 12.3 (autocom) SN: 20418 HW: .does not work on 2013 r1 DELPHI DS150E he wants serial number and hardware number. I have read in different forums that this does not work on 2013 r1. I found an activation code but I don't know how to use it with DELPHI Depending on what you're doing, you can use one of the activation codes to install it, or you can use one of two methods to get your activation key
