requirements: Internet Explorer version 6.0 SP2 or better OR Netscape 7.0 or better OR Mozilla 1.7 or better Toad Plus is a Wizard-like tool that enables you to create and edit databases, manipulate SQL, set SQL parameters, set up functions, and modify existing databases quickly. Toad Plus is used to create, edit, and update databases and to provide a graphical user interface to SQL statements. It is an Oracle ODBC driver that enables you to create, edit, and update databases on a Microsoft Windows NT operating system. You can use the most recent version of Microsoft Windows to access a Toad database. Copy the clients/ToadPlus/binary/v9.6.0.6/ToadPlus.exe file into the directory of your ODBC driver or ODBC Administrator database file. If you do not wish to download the app from the official website, here are some other sources: Also try using a different browser - this could help with stability.

Attention disorders are frequent sequelae of traumatic brain injury (TBI). Nonetheless, few studies have investigated the neural consequences of TBI-induced attention deficits. Using magnetoencephalography (MEG) we compared resting-state activity of the right amygdala in 22 patients with moderate-severe TBI with 20 controls. We employed a newly developed method of source estimation to separate spatial information about the volume of activated c6a93da74d
